Table of Contents	TOC-1	Chapter 4. Future Conditions and Overview of Improvements	4-1
List of Tables	TOC-2	The Future of the Middle Anacostia River Region	4-1
List of Figures.....	TOC-3	Evaluation of Future Traffic Conditions	4-2
List of Appendices	TOC-3	Overview of Future Improvements	4-5
Executive Summary	ES-1	General Design Guidelines Associated with the Improvements and Options	4-6
Chapter 1. Introduction.....	1-1	Cost Estimating Procedures.....	4-7
Anacostia Waterfront Initiative Overview	1-1	Goals and Objectives	4-7
Middle Anacostia River Crossings Transportation Study Overview	1-2		
Study Goals and Objectives	1-4		
Public and Agency Involvement Overview	1-6		
Chapter 2. Existing Conditions	2-1	Chapter 5. Near-Term Improvements (2005 – 2006)	5-1
Land Use Planning in the District	2-1	Project 1: Signing and Pavement Marking Improvements along the Sousa Bridge and the Ramp to the Southeast Freeway	5-2
Land Uses in the Study Area	2-1	Project 2: Signal Timing Optimization along Pennsylvania Avenue, east of the Anacostia River	5-6
Planned Land Use Changes	2-3	Project 3: Roadway Resurfacing and Pavement Marking Replacement	5-8
Community Features	2-6	Project 4: Pedestrian Bridge and Anacostia Park Connectivity Improvements	5-10
Historic Resources	2-10	Project 5: Near-Term Pedestrian Spot Improvements	5-12
Environmental Features in the Middle Anacostia River Region	2-12	Project 6: Bicycle Network Improvements	5-16
Transportation Network of the Middle Anacostia River Region	2-16	Project 7: Bus Stop Amenities Improvements	5-18
Regional Safety Overview	2-32	Summary of Near Term Projects	5-22
Existing Utilities	2-34		
Chapter 3. Core Areas of the Middle Anacostia River Region	3-1		
The Anacostia Waterfront Initiative and Framework Plan	3-2		
Core Area: Anacostia Park and Waterfront	3-3		
Core Area: Anacostia Freeway and River Crossings	3-5		
Core Area: Martin Luther King, Jr. Avenue/Anacostia Neighborhood	3-7		
Core Area: Barney Circle and the Southeast Freeway.....	3-9		
Core Area: Pennsylvania Avenue Corridor.....	3-10		

<u>PAGE</u>	<u>LIST OF TABLES</u>	<u>PAGE</u>
Chapter 6. Mid-Term Improvements (2005 – 2010) 6-1		
Project 8: Upgrade the Service Road between Barney Circle and the RFK Access Road..... 6-2	Table 1. Overview of Improvement Categories for the Middle Anacostia River Crossings Transportation Study.....	1-5
Project 9: RFK Stadium Access Road Resurfacing/Rehabilitation 6-4	Table 2. Breakdown of Land use Types within the Study Area.....	2-2
Project 10: Anacostia Park and Frederick Douglass Home Wayfinding Improvements.... 6-6	Table 3. Neighborhood Clusters related to AWI Initiative Areas	2-4
Project 11: Minnesota Avenue Pedestrian Safety Improvements 6-8	Table 4. Characteristics of Neighborhood Clusters within the Study Area.....	2-5
Project 12: Conversion of Martin Luther King, Jr. Avenue and 13th Street to Accommodate Two-Way Traffic..... 6-13	Table 5. Demographic Comparison of Study Area Neighborhoods	2-5
Project 13: M Street Ramp Connection to the Southbound Welsh Memorial Bridge 6-20	Table 6. Churches within the Study Area	2-6
Project 14: Pennsylvania Avenue/Potomac Avenue Intersection Improvements..... 6-22	Table 7. Schools within the Study Area.....	2-6
Project 15: Northbound D.C. 295 Ramp Improvements Accommodating Traffic from Eastbound and Westbound Pennsylvania Avenue	Table 8. Subwatersheds within the Middle Anacostia Study Area	2-14
Summary of Mid-Term Projects..... 6-28	Table 9. Summary of Select Major Roadways in the Study Area.....	2-16
Chapter 7. Long-Term Improvements (2005 – 2025) 7-1	Table 10. Overview of Missing Pedestrian Amenities	2-18
Pennsylvania Avenue / Anacostia Freeway Interchange	Table 11. Summary of Five Highest Accident Severity Intersections within the Study Area	2-32
Barney Circle Improvements	Table 12. Overview of Core Areas within the Middle Anacostia River Region.....	3-10
11th Street Bridges / Anacostia Freeway Interchange	Table 13. Signal Timing Optimization along Pennsylvania Avenue	5-6
11th Street / Southeast Freeway Interchange	Table 14. Summary of Costs and Related Projects of Near-Term Pedestrian Spot Improvements	5-14
Boulevard along the Southeast Freeway.....	Table 15. Recommended Amenities for Bus Stops Servicing Northbound and Westbound Routes.....	5-19
Park Drive Alignment.....	Table 16. Recommended Amenities for Bus Stops Servicing Southbound and Eastbound Routes.....	5-19
Summary of the Long-Term Improvement Options	Table 17. Summary of Near-Term Project Benefits and Costs	5-22
Chapter 8. Environmental and Air Quality Analysis..... 8-1	Table 18. Summary of Mid-Term Project Benefits and Costs	6-28
Near and Mid-Term Projects – Environmental Analysis	Table 19. Summary of Long-Term Improvement Options	7-48
Long-Term Projects – Environmental Analysis.....	Table 20. National Ambient Air Quality Standards (NAAQS)	8-4
Long-Term Project – Air Quality Analysis..... 8-4	Table 21. 2030 Study Area Estimated Daily Emissions for VOC and NOx (Build vs. No Build).....	8-5
Chapter 9. Implementation and Summary of Findings 9-1	Table 22. Existing and 2030 Worst-Case CO Levels at Study Locations	8-6
Near-Term Improvement Projects	Table 23. Near-Term Project Costs.....	9-2
Mid-Term Improvement Projects	Table 24. Performance and Achievability Matrix for Near-Term Improvement Projects.....	9-3
Long-Term Improvements Options	Table 25. Mid-Term Project Costs.....	9-4
Implementation Timeline for Project Improvements	Table 26. Performance and Achievability Matrix for Mid-Term Improvement Projects	9-7
The Future of the Middle Anacostia River Region..... 9-13	Table 27. Future Volumes for the Middle Anacostia River Crossings	9-8
	Table 28. Costs for the Pennsylvania Avenue / Anacostia Freeway Interchange Options.....	9-9
	Table 29. Costs for the Barney Circle Improvement Options	9-10
	Table 30. Costs for the 11th Street Bridges / Anacostia Freeway Interchange Options	9-10
	Table 31. Costs for the 11th Street / Southeast Freeway Interchange Options	9-12
	Table 32. Costs for the Boulevard Options along the Southeast Freeway.....	9-12
	Table 33. Performance and Achievability Matrix for Long-Term Improvement Options	9-14
	Table 34. Project Implementation Timeline	9-15

LIST OF APPENDICES (also provided on CD)

- A. Public Involvement Materials
- B. AWI Target Areas and Table of Initiatives
- C. Transit Ridership Data
- D. Summary of Existing Automatic Traffic Recorder (ATR) Location Data and Turning Movement Count (TMC) Intersection Data*
- E. Existing Peak Hour Traffic Volumes and Level of Service Summary*
- F. Accident Data Summary
- G. Existing D.C. WASA Utilities along the Anacostia Freeway
- H. Overview of Relevant Projects and Overlapping Studies in the Middle Anacostia River Region
- I. 2030 No Build Peak Hour Traffic Volumes and Level of Service Summary*
- J. 2030 Build Peak Hour Traffic Volumes*
- K. Cost Estimate Breakdown for Near-Term Improvement Projects
- L. Cost Estimate Breakdown for Mid-Term Improvement Projects
- M. Geometric Data for Long-Term Improvement Options
- N. Cost Estimate Breakdown for Long-Term Improvement Options
- O. Draft Report Comments

* CD includes all relevant data and traffic analyses completed for each condition
